

## Professional Cleaning Coverage

Rug Doctor Carpet Detergent is excellent value for money. Our specially concentrated formula allows for up to twice the carpet cleaning coverage of other leading brands.

SpotBlok® anti-stain formula works to keep your carpets looking clean and fresh for longer. Protect your carpets from accidental spills and stains long after cleaning has finished.

## Cleaning Coverage

- **1 litre** – cleans approximately 400sqft/38m<sup>2</sup> (2 rooms)
- **2 litre** – cleans approximately 800sq ft/75m<sup>2</sup> (4 rooms)
- **4 litre** – cleans approximately 1600sq ft/150m<sup>2</sup> (8 rooms)

## Bring Your Carpets Back to Life

Breathe new life into your old and tired looking carpets, you'll be staggered at just how good your carpets will look!

Vacuuming only removes your carpet's surface dirt, while Rug Doctor's Carpet Detergent cleans deep within your carpet's pile. It will remove a range of nasties from food debris and dead skin cells to dust mite droppings and allergens such as pollen. For best results, pre-treat heavily soiled areas such as doorways with Rug Doctor High Traffic Foot Cleaner. Our Carpet Detergent can be used in all deep cleaning and hot water extraction carpet cleaners.

Your carpets may look clean now, but you'll be amazed by the sight of your carpets after a Rug Doctor deep clean!

## Directions for Use

Check out our [Rug Doctor Machine Guides](#) for an in-depth cleaning and user guide.

Before use, ensure the lid is fastened and gently shake carpet detergent.

### For use with a Rug Doctor Machine:

Pour 150ml of Carpet Detergent into the red solution tank, found at the bottom of the machine.

1. Fill up the solution tank to the mesh filter, approximately half way. For woollen carpets, use lukewarm water.

### For use with a Rug Doctor Wide Track, use 225ml of Carpet Detergent.

It really is as simple as that!

## Safety Information

Keep out of the reach of children. Use only as directed, wash hands after use. Avoid contact with eyes. In case of contact with skin or eyes – thoroughly rinse eyes with clean water for fifteen minutes. Seek medical attention if irritation persists.

Contains: Sodium Tripolyphosphate. <5% Phosphates, nonionic surfactants, lemon fragrance.
